

Primary Metals & Exotic Alloys

ENVIRONMENTAL POLICY STATEMENT

It is Allegheny Technologies Incorporated's policy to continue to maintain and operate all its businesses in compliance with applicable environmental laws, regulations and permits. We recognize the need to protect the environment and the importance of the measured and efficient use of the earth's natural resources. We take an active role in discovering and implementing means to protect our environment and our natural resources, which enables better use of resources and sustainability.

Consistent with this policy, ATI Primary Metals and Exotic Alloy facilities commit to:

- Comply with applicable local, state and federal environmental regulations, operating permits, and other requirements.
- Assess the environmental effects and improve the environmental performance of our products, processes, and services.
- Protect the health and safety of our employees, surrounding communities, and ecosystems with a commitment to reduce pollution, waste, and emissions.
- Conserve and protect, with measured use, the earth's natural resources.
- A best-in-class environmental management system that is continuous improvement focused and aligned with the strategic intent of the business.

This policy statement is made available to the public, contractors, visitors and employees online at www.wahchang.com.
